PROFILE

Computer Science Enthusiast | AR/VR | AI | Web Development | Computer Vision
Computer Science major passionate about AI, AR/VR, and web development. Skilled in Python, JavaScript, C++, React, TensorFlow, and OpenCV. Experienced in building AI-driven applications and real-time web solutions. Active hackathon participant and innovation enthusiast.

WORK EXPERIENCE

- Smart India Hackathon** 2024 - 2024
Web Developer
 - Develop and implement robust web development strategies that align with company goals and objectives.
 - Lead, mentor, and manage a high-performing development team, fostering a collaborative and innovative work environment.
 - Ensure consistency in design, functionality, and performance across all web applications and platforms.
- CTF Hackathon** 2025 - 2029
Team Lead
 - Manage and allocate resources efficiently for CTF event organization, ensuring optimal performance and engagement.
 - Oversee research on emerging cybersecurity threats, exploit techniques, and competitor strategies to enhance challenge design.
- DSC Datathon** 2024 - 2025
ML Engineer
 - Develop and maintain strong relationships with data partners, platforms, and vendors to support machine learning initiatives.
 - Ensure consistency in data quality, model performance, and results across all machine learning projects and platforms.

EDUCATION

- Bachelor's of Technology** 2023-2027
School of Computer Science | Vellore Institute of Technology
GPA: 9.2 / 10.0
- Graduate** 2020-2022
Dolphin Public School
GPA: 9.6 / 10.0
